CHARLES H. MUELLER -- BULB SPECIALIST River Road New Hope, Pennsylvania

Advance Bulb List -- Fall 1952

To all our gardening friends we offer this selection of the WORLD'S FINEST spring-flowering bulbs for 1952 fall planting. Some thousand new and old varieties, have just completed their blooming season in our trial gardens here. From them we have selected the best for this list. All are recommended but we have capitalized the names of some we wish especially to call to your attention.

Each year the scores of new varieties Holland sends us for trial seem more beautiful than ever. This spring was no exception. This season was featured by such new tulips as Breeder Prunella, Darwins Elcyone and Johannesburg, Double Late Hermione, Parrot Farraday and Parrot Wonder. Large-cupped daffodils Lord Tedder, Manco and Mary Roozen are some of the new kinds you will find in the narcissus section.

Remember, this is an ADVANCE LIST. We can stock only a small fraction of this offering for fall buyers. All new varieties and many older ones are never too plentiful. So to avoid disappointment send in your order as soon as possible after receiving this list.
